Principal: Mrs S Horan

Archdiocese of Birmingham

Dear Parent

We strongly recommend that all students studying 'A' level Biology, Chemistry or Physics purchase the CGP Revision guide to support their learning and provide them with an extra resource at home to aid with homework and revision. In the new 'A' level courses, 10% of the exam questions will examine their mathematical skills and therefore we are also recommending that students purchase the CGP revision guide, Essential Maths skills for the science that is being studied.

These two books RRP at £27.49, but we will be selling these to the students at the reduced price of £20 for both.

For 'A' level physics Yr 1 & 2 the CGP txt books are recommended for use by the students rather than the Revision guide these RRP at £19.99, however we can sell these at £14 each. Chemistry is also available at the same price for the individual year book or £22 for combined Year 1 & 2 but this is an optional extra.

For the Biology Textbook at home, we recommend the AQA Biology 'A' level Textbook by Glenn Toole and Susan Toole (2<sup>nd</sup> Edition) and will also be selling these for £40. This is however an optional extra.

If you would like to purchase the revision guides or textbook, please could you complete the slip below and return together with a cheque made payable to SNOMAC or you can pay using the payment for schools link on the school website. Please could all slips be returned by Monday 8<sup>th</sup> October 2018

We have a number of Casio scientific fx-85GT plus calculators available for £9.00, which we also recommend for 'A' level.

If you have any questions regarding these resources or any other matter relating to the 'A' level courses, please do not hesitate to contact me.

Yours sincerely

Mr M Patchett

Head of Science
