

Remote Access: On Android

Download the RD Client from the app store (https://play.google.com/store/apps/details?id=com.microsoft.rdc.android&hl=en_GB) and then open the app.

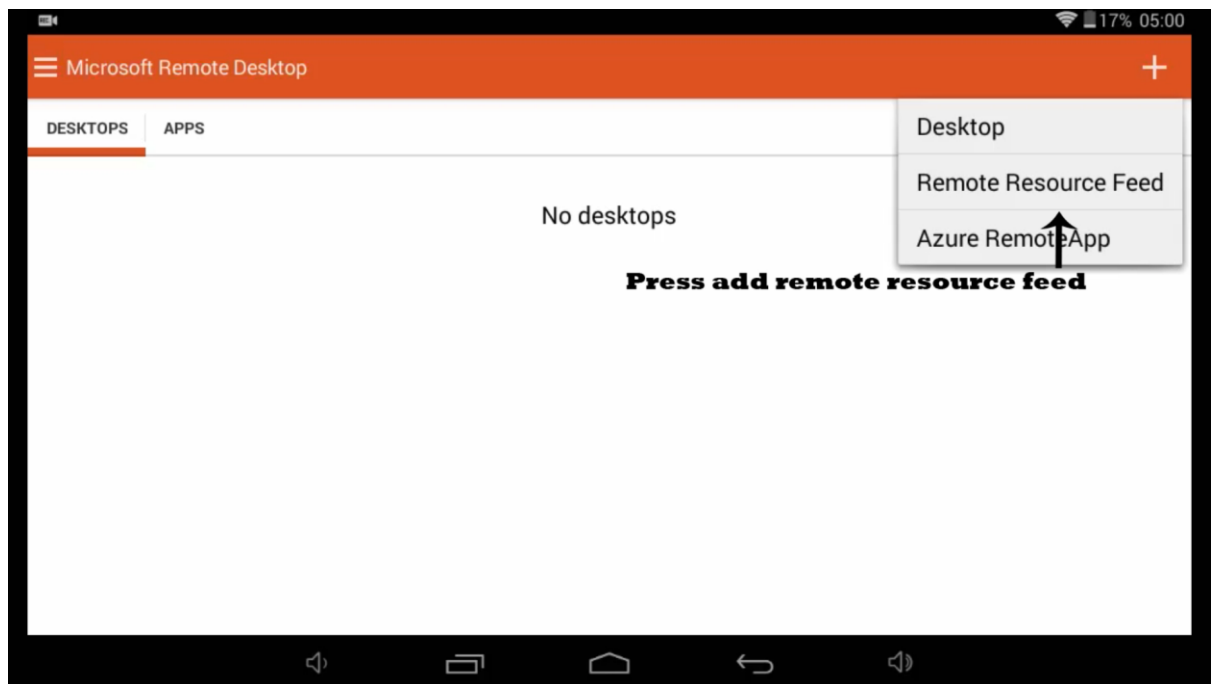

In the top right hand corner select, the plus symbol as below.

Remote Access: On Android

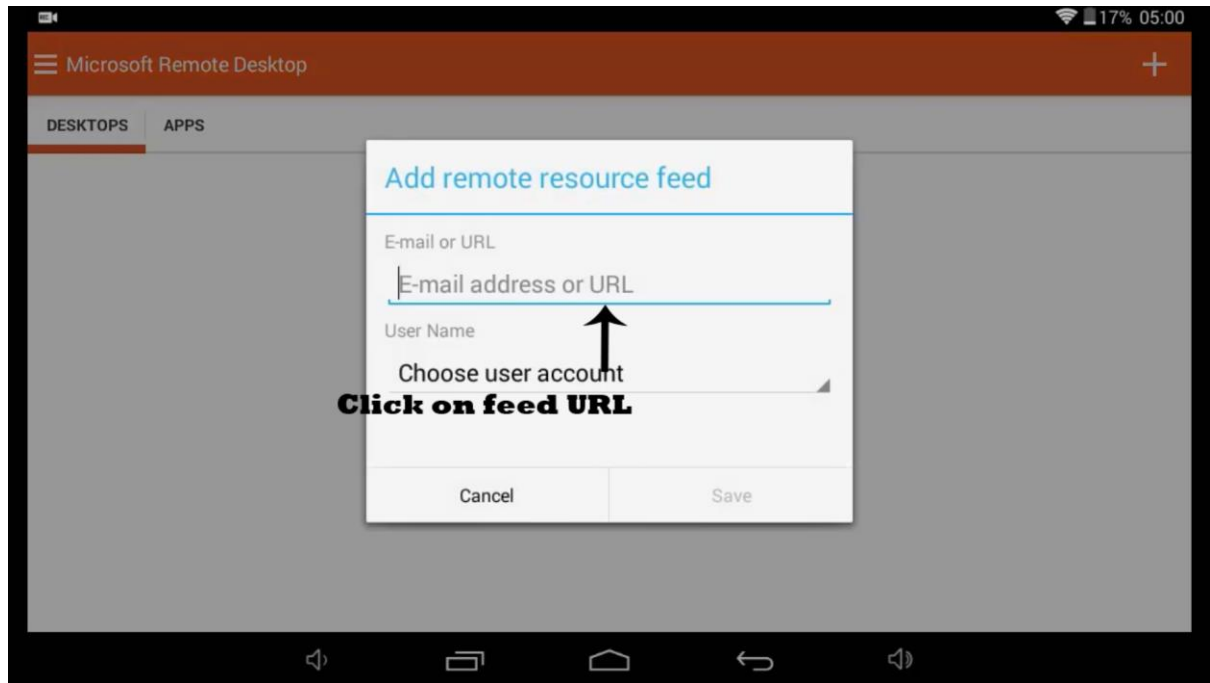

Then you need to press Remote Resource Feed

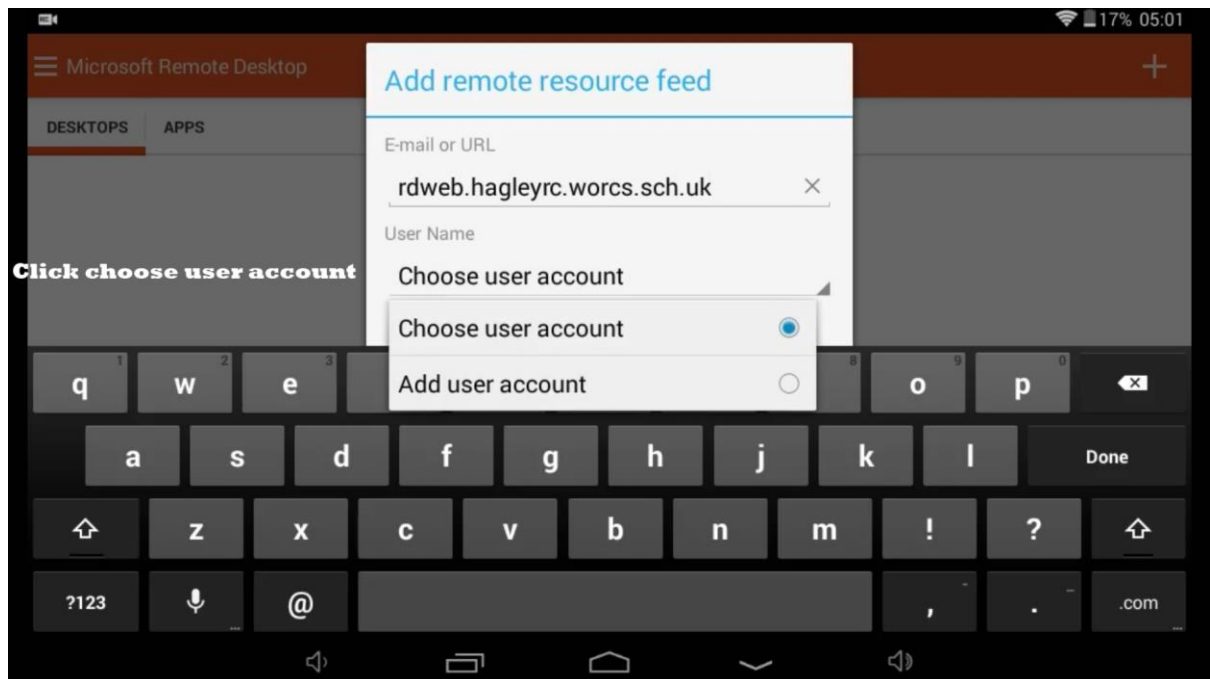

Remote Access: On Android

Choose the option to enter URL and then enter <https://rdweb.hagleyrc.worcs.sch.uk> once entered press done.

Click username and password and enter your username and password you use for the school computers, ensuring your username has hagley\ before it e.g. hagley\staff.

Once this has all been done simply hit save and use any of the programs available as if you are on the school premises.
