Dear Parents/Carers

We strongly recommend that all students studying 'A' level Biology, Chemistry or Physics purchase the CGP Revision guide/textbook to support their learning and provide them with an extra resource at home to aid with homework and revision. New revision cards are also available for the specific subjects.

In the new 'A' level there is a large element of mathematical skills assessed in the examination (10% in biology, 20% in chemistry and 40% in physics). Therefore, we are also recommending that students who do not study 'A' level maths purchase the CGP Essential maths skills guide for the appropriate science being studied.

For Biology

The revision guide we recommended is:

- New 'A' level Biology: AQA Year 1 & 2 complete revision & practice. ISBN: 9781789080261.

The textbook we recommend is:

- AQA Biology 'A' level Textbook by Glenn Toole and Susan Toole (2nd Edition) ISBN: 9780198351771 available for £45. This is however an optional extra.

For Chemistry

The revision guide we recommend is:

- New 'A' level chemistry: AQA Year 1 & 2 complete revision & practice with online edition ISBN: 9781789080292

The textbook we recommend is:

CGP produce the text books which complement the exam board for use by the students there are two books aimed at year 1 and 2 or one that combines the two textbooks see below.

- 'A' level Chemistry for AQA: Year 1 & AS Student book with online edition ISBN: 9781782943211
- 'A' level Chemistry for AQA: Year 2 Student book with online edition ISBN: 9781782943266
- 'A' level Chemistry for AQA: Year 1 & 2 Student book with online edition ISBN: 9781789080476
