

INFECTIOUS DISEASES COVID-19 RISK ASSESSMENT STEP 4 – AUTUMN TERM

Hagley Catholic High School

Hazard/ Activity	Persons at Risk	Risk	Control measures in use	Residual risk rating H / M / L	Further Action Required	
					YES	NO
Awareness of policies and procedures	Staff Students Others	Inadequate information	<ul style="list-style-type: none"> All staff, parents, governors, visitors and volunteers are aware of all relevant policies and procedures. All staff have access to all relevant guidance and legislation including, but not limited to, the following: <ul style="list-style-type: none"> The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013 The Health Protection (Notification) Regulations 2010 Public Health England (PHE) (2017) ‘Health protection in schools and other student care facilities’ DfE and PHE (2020) ‘COVID-19: guidance for educational settings’ The relevant staff receive any necessary training that helps minimise the spread of infection, e.g. infection control training. The school keeps up-to-date with advice issued by, but not limited to, the following: <ul style="list-style-type: none"> DfE NHS Department for Health and Social Care PHE Staff are made aware of the school’s infection control procedures in relation to coronavirus via email or staff meetings and contact the school as soon as 	MED		✓

			<p>possible if they believe they may have been exposed to coronavirus.</p> <ul style="list-style-type: none"> • Parents are made aware of the school's infection control procedures in relation to coronavirus via letter and social media – they are informed that they must contact the school as soon as possible if they believe their child has been exposed to coronavirus. • Students are made aware of the need to tell a member of staff if they feel unwell. 			
Disruption to the running of the school in cases of local outbreak	Staff Students Others	Infection control	<ul style="list-style-type: none"> • The school has an up-to-date Business Continuity Plan in place – the plan is reviewed as necessary. • The school adheres to and keeps up-to-date with the latest local and national advice about school closures – advice is sought from the local HPT or DfE helpline where required. • Follow Government advice and follow any instructions 	MED		✓
Use of Transport	Staff Students Others	Infection Control	<ul style="list-style-type: none"> • It is recommended that facemasks are worn in enclosed and crowded spaces where you may come into contact with people you don't normally meet. This includes public transport and dedicated transport to school. • It is important to ensure vehicles are well ventilated when occupied, by opening windows. The need for increased ventilation while maintaining a comfortable temperature should be balanced. On dedicated transport: • It is recommended that students and young people aged 11 and over continue to wear a face covering when travelling to secondary school or college. 	MED		✓

- | | | | | | |
|--|--|---|--|--|--|
| | | <ul style="list-style-type: none"> • It is no longer recommended maximising distance and minimising mixing, but unnecessary risks such as overcrowding should be minimised. • Students and adults should follow public health advice on when to self-isolate and what to do. • They should not board dedicated transport or public transport if they have symptoms or other reasons requiring them to stay at home due to the risk of them passing on COVID-19. • If a student or young person develops COVID-19 symptoms, however mild, while at school, they will be sent home. • They should avoid using public transport and, wherever possible, be collected by a member of their family or household. • In exceptional circumstances, if parents or carers cannot arrange to have their student collected, and it is age-appropriate and safe to do so, the student should walk, cycle or scoot home. If this is not possible, alternative arrangements may need to be organised by the school. • More information on organising transport for student with symptoms is provided at guidance on the use of PPE in education, childrens care and childrens social care settings. • Schools should have contingency plans outlining how they would operate if the number of positive cases substantially increases in the school or local area. | | | |
|--|--|---|--|--|--|

			<ul style="list-style-type: none"> Principles of managing local outbreaks of COVID-19 in education and children care settings are described in the <u>contingency framework</u>. School will follow director of public health advice in cases of local outbreak. Schools put into place any actions or precautions advised by their local HPT. 			
Cleaning of school	Staff Students Others	Infection Control	<ul style="list-style-type: none"> All hard surfaces to be cleaned on a regular basis, this will include <ul style="list-style-type: none"> ➤ All door handles ➤ All tables and chairs used by staff and Students ➤ Toilet flushes and regular cleaning of toilets. All classrooms to have spray disinfectant and where possible disposable cloths. If disposable cloths are not available use once and then put in wash. Regular cleaning of surfaces will reduce the risk of spreading the virus. All used cloths thrown away to be double bagged and then placed in a secure area i.e. lockable bin. 	MED		✓
Ventilation class/office	Students Staff	Infection control	<ul style="list-style-type: none"> Identify any poorly ventilated spaces and take steps to improve fresh air flow If mechanical ventilation systems are used to draw fresh air or extract air from a room these should be adjusted to increase the ventilation rate wherever possible Ensure that mechanical ventilation systems only circulate fresh outside air and where this is not possible, in a single room supplement with an outdoor air supply 	MED		✓

			<ul style="list-style-type: none"> • Where appropriate open external windows, internal doors and external doors to improve natural ventilation • If external doors are opened, ensure that they are not fire doors and are safe to do so 			
Poor hygiene practice	Staff Students Others	Ill Health	<ul style="list-style-type: none"> • You should continue to ensure that students clean their hands regularly, this can be done with soap and water or hand sanitiser • Staff and visitors are encouraged to wash their hands with soap or alcohol-based sanitiser (that contains no less than 60% alcohol) and follow infection control procedures in accordance with the DfE and PHE's guidance. • Sufficient amounts of soap (or hand sanitiser where applicable), clean water and paper towels/hand dryers are supplied in all toilets and kitchen areas. • Students are discouraged from sharing cutlery, cups or food. • All cutlery and cups are thoroughly cleaned before and after use. • Cleaners to carry out daily, thorough cleaning that follows national guidance and is compliant with the COSHH Policy and the Health and Safety Policy. • A senior member of staff arranges enhanced cleaning to be undertaken where required – advice about enhanced cleaning protocols is sought from the HPT/PHE 	MED		✓

Spread of infection	Staff Students Others	Lack of infection control	<ul style="list-style-type: none"> • Spillages of bodily fluids, e.g. respiratory and nasal discharges, are cleaned up immediately in line with guidance, using PPE at all times. • Parents are informed not to bring their child to school or on the school premises if they show signs of being unwell and believe they have been exposed to coronavirus. • Staff and students do not return to school before the minimum recommended exclusion period (or the 'self-isolation' period) has passed, in line with national guidance. • Students who are unwell are not taken on school trips or permitted to enter public areas used for teaching, e.g. swimming pools. • Parents notify the school if their child has an impaired immune system or a medical condition that means they are vulnerable to infections. • The school in liaison with individuals' medical professionals where necessary, reviews the needs of students who are vulnerable to infections. • Any additional provisions for students who are vulnerable to infections are put in place by the Principal, in liaison with the student's parents where necessary. 	MED		✓
Classroom management	Students Staff	Infection control	<ul style="list-style-type: none"> • It is no longer required for forward facing tables etc however care should still be taken on table management in a classroom setting. • Outbreak management plans should cover the possibility of reintroduction of restrictions on mixing for a temporary period in case of local outbreak. 	MED		✓

			https://www.gov.uk/government/publications/coronavirus-covid-19-local-restrictions-in-education-and-studentcare-settings/contingency-framework-education-and-studentcare-settings <ul style="list-style-type: none"> • It would be sensible to revert back to previous control measures in the event of a local outbreak. • Continue to use a cautious approach with arrangements. 			
Assemblies	Students Staff	Infection Control	<ul style="list-style-type: none"> • There are no restrictions in place for holding assemblies and singing in the school hall. 	MED		✓
Lunchtimes	Students Staff	Infection Control	<ul style="list-style-type: none"> • Lunchtime arrangements can revert back to previous arrangements. • Tables must still be cleaned on a regular basis throughout dinner time activities. 	MED		✓
Playtime and using equipment	Students Staff	Infection Control	<ul style="list-style-type: none"> • Previous playtimes and groups can be reinstated and no restrictions in place regarding using and sharing play equipment. 	MED		✓
Personal Protective Equipment Face Coverings	Students Staff	Infection control	<ul style="list-style-type: none"> • Face coverings are no longer advised for staff and visitors in classrooms, corridors or communal areas • It is recommended that they are worn in enclosed and crowded spaces where you may come into contact with people you don't normally meet. This includes public transport and dedicated transport to school." • School will follow director of public health advice in cases of local outbreak. • Schools put into place any actions or precautions advised by their local HPT. 	MED		✓

			https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/999722/PPE_in_education_studentcare_and_studentresidential_care_settings.pdf			
Ill Health	Staff Students Others	Coronavirus Symptoms	<ul style="list-style-type: none"> • Staff are informed of the symptoms of possible coronavirus infection, e.g. a cough, loss or change to sense of smell or taste and high temperature and are kept up-to-date with national guidance about the signs, symptoms and transmission of coronavirus. • Any Student or member of staff who displays signs of being unwell, such as having a cough, fever or a loss or change to their sense of smell or taste, and believes they have been exposed to coronavirus, is immediately taken out of the class and placed in an area where they will not come into contact with others and are supervised at all times. • For Students the relevant member of staff calls for emergency assistance immediately if Students' symptoms worsen. • The parents of unwell Students are informed as soon as possible of the situation by a relevant member of staff. • Where contact with a Student's parents cannot be made, appropriate procedures are followed in accordance with those outlined in governmental guidance. • Unwell Students who are waiting to go home are kept in an area where they can be at least two metres away from others. 	MED		✓

			<ul style="list-style-type: none"> • Areas used by unwell staff and Students who need to go home are appropriately cleaned once vacated, using a disinfectant and care to be taken when cleaning all hard surfaces. • If unwell Students and staff are waiting to go home, they are instructed to use different toilets to the rest of the school to minimise the spread of infection. • Any Students who display signs of infection are taken home immediately, or as soon as practicable, by their parents – the parents are advised to contact NHS 111 immediately or call 999 if the Student becomes seriously ill or their life is at risk. • Any members of staff who display signs of infection are sent home immediately and are advised to contact NHS 111 immediately or call 999 if they become seriously ill or their life is at risk. • Any medication given to ease the unwell individual's symptoms, e.g. Paracetamol, is administered in accordance with the Administering Medications Policy. 			
Asymptomatic testing Summer School	Students Staff	Infection control	<ul style="list-style-type: none"> • Schools will only provide tests for twice weekly asymptomatic testing for students and staff over the summer period if they are attending school settings. • Staff should undertake twice weekly home tests whenever they are on site until the end of September when this will be reviewed 	MED		✓
Secondary School Students	Students Staff	Infection Control	<ul style="list-style-type: none"> • All secondary school Students should receive 2 on-site lateral flow device tests, 3 to 5 days apart, on their return in the autumn term. 	MED		✓

Asymptomatic testing Autumn Term			<ul style="list-style-type: none"> Settings may commence testing from 3 working days before the start of term and can stagger return of Students across the first week to manage this. Students should then continue to test twice weekly at home until the end of September, when this will be reviewed. New intake of year 7 will be offered the 2 tests at an ATS at the beginning of the autumn term when they start at their secondary school. Schools should also retain a small asymptomatic testing site (ATS) on-site until further notice so they can offer testing to Students who are unable to test themselves at home. Staff should undertake twice weekly home tests whenever they are on site until the end of September when this will be reviewed 			
Autumn Term Asymptomatic testing	Students Staff	Infection Control	<ul style="list-style-type: none"> Staff should undertake twice weekly home tests whenever they are on site until the end of September when this will be reviewed 	MED		✓
Positive Cases	Students Staff	Infection control	<ul style="list-style-type: none"> School no longer need to do contact tracing as close contacts will be identified via NHS Test and Trace. School will support NHS Test and Trace when required to help identify close contacts From 16th August 2021 From 16 August 2021, students under the age of 18 and 6 months years old will no longer be required to self-isolate if they are contacted by NHS Test and 	MED		✓

			<p>Trace as a close contact of a positive COVID-19 case.</p> <ul style="list-style-type: none"> • Instead, students will be contacted by NHS Test and Trace, informed they have been in close contact with a positive case and advised to take a PCR test. • We would encourage all individuals to take a PCR test if advised to do so. <p>Over 18 and 6 months years of age</p> <ul style="list-style-type: none"> • 18-year-olds will be treated in the same way as students until 6 months after their 18th birthday, to allow them the opportunity to get fully vaccinated. At which point, they will be subject to the same rules as adults and so if they choose not to get vaccinated, they will need to self-isolate if identified as a close contact. • Continue to have a role in working with health protection teams in the case of a local outbreak. If there is an outbreak in a setting or if central government offers the area an enhanced response package, a director of public health might advise a setting to temporarily reintroduce some control measures. <p>Staff / Students</p> <ul style="list-style-type: none"> • with a positive lateral flow test result should self-isolate in line with the stay at home guidance and get a PCR test to check if they have COVID-19 and continue to self-isolate • If the PCR test is taken within 2 days of the positive lateral flow test, and is negative, it overrides the self-test, and the Students/staff can return to school as 			
--	--	--	---	--	--	--

			long as the individual doesn't have COVID-19 symptoms			
Living in same household with a pupil/sibling with a positive case	Siblings Students Others	Spread of infection	<p>From 16 August 2021, you will not be required to self-isolate if you live in the same household as someone with COVID-19 and any of the following apply:</p> <ul style="list-style-type: none"> • you are fully vaccinated • you are below the age of 18 years 6 months • you have taken part in or are currently part of an approved COVID-19 vaccine trial • you are not able to get vaccinated for medical reasons <p>As long as the student/sibling is not displaying any COVID-19 symptoms, then the above guidance applies.</p>	MED		✓
Poor management of infectious diseases	Staff Students Others	Lack of infection control	<ul style="list-style-type: none"> • Staff are instructed to monitor themselves and others and look out for similar symptoms if a Student or staff member has been sent home with suspected coronavirus. • Staff are vigilant and report concerns about their own, a colleague's or a Student's symptoms to the Principal or SLT as soon as possible. . • The school is consistent in its approach to the management of suspected and confirmed cases of coronavirus. • The school is informed by Students' parents when Students return to school after having coronavirus – the school informs the relevant staff. • Staff inform the Principal when they plan to return to work after having coronavirus. 	MED		✓

- | | | | | | | |
|--|--|--|--|--|--|--|
| | | | <ul style="list-style-type: none"> • A nominated person monitors the cleaning standards of school cleaning contractors and discusses any additional measures required with regards to managing the spread of coronavirus.
 Contingency framework: education and childrens care settings (publishing.service.gov.uk)
 The thresholds, detailed below, can be used by settings as an indication for when to seek public health advice if they are concerned.
 For most education and student care settings, whichever of these thresholds is reached first: <ul style="list-style-type: none"> ➤ 5 students or staff, who are likely to have mixed closely, test positive for COVID-19 within a 10-day period: or ➤ 10% of students or staff who are likely to have mixed closely test positive for COVID-19 within a 10-day period • All settings should seek public health advice if a Student, student, student or staff member is admitted to hospital with COVID-19 by phoning the DfE helpline (0800 046 8687, option 1), or in line with other local arrangements. Hospitalisation could indicate increased severity of illness or a new variant of concern. Settings may be offered public health support in managing risk assessments and communicating with staff and parents. • Settings may wish to seek additional public health advice if they are concerned about transmission in the setting. | | | |
|--|--|--|--|--|--|--|

Lack of communication	Staff Students Others	Unsafe Practices	<ul style="list-style-type: none"> • The school staff reports immediately to the Principal about any cases of suspected coronavirus, even if they are unsure. • The Principal contacts the local HPT or follows the advice given from and discusses if any further action needs to be taken. • Schools put into place any actions or precautions advised by their local HPT. • Schools keep staff and parents adequately updated about any changes to infection control procedures as necessary. 	MED		✓
Admitting students into school	Students Staff	Infection Control	<ul style="list-style-type: none"> • In most cases, parents and carers will agree that a student with symptoms should not attend the school, given the potential risk to others. If a parent or carer insists on a student attending your school, you can take the decision to refuse the student if, in your reasonable judgement, it is necessary to protect other Students and staff from possible infection with COVID-19. • Your decision would need to be carefully considered in light of all the circumstances and current public health advice. 	MED		✓
CEV students	Students Staff	Infection control	<ul style="list-style-type: none"> • All CEV students should attend their education setting unless they are one of the very small number of students under paediatric or other specialist care who have been advised by their GP or clinician not to attend 	MED		✓

Admitting people into school	Students Staff	Infection control	<ul style="list-style-type: none"> • Students, staff and other adults should not come into school if they have symptoms, have had a positive test result or have been instructed to quarantine • Anyone staff or Students within the school who appear to have COVID-19 symptoms are sent home, advised to avoid using public transport and, wherever possible, be collected by a member of their family or household and to follow public health advice • In the case of a Student awaiting collection, they should be taken to a room away from other Students and supervised • If the member of staff is in close contact with the student, then they should wear appropriate PPE • A window should be opened for fresh air ventilation if possible • Any rooms that have been used for this purpose should be cleaned after they have left • As anyone within the household should follow the PHE guidance for households with possible or confirmed COVID-19 infection, then any siblings within the school will be identified and also sent home. • As with anyone within the household, staff, pupils/siblings should follow the PHE guidance for households with possible or confirmed COVID-19 infection. 	MED		✓
CEV Staff	Staff	Infection control	<ul style="list-style-type: none"> • CEV people are no longer advised to shield but may wish to take extra precautions to protect themselves and to follow the practical steps set out in 	MED		✓

			<p>the CEV guidance to minimise their risk of exposure to the virus</p> <ul style="list-style-type: none"> • Staff should attend their place of work if they cannot work from home • The school will follow DHSC updated guidance 			
Educational visits	Students Staff	Financial risk	<ul style="list-style-type: none"> • If booking new visits ensure that the school have adequate financial protection in place • From the start of the Autumn school term you can go on international visits. • You should be aware that the travel list (and broader international travel policy) is subject to change and green list countries may be moved into amber or red. • The travel lists may change during a visit and you must comply with international travel legislation and should have contingency plans in place to account for these changes. • The school should have a contingency plan in place to account for any changes in the government travel list • Full risk assessments must be undertaken. 	MED		✓
Wraparound care	Students	Infection Control	<ul style="list-style-type: none"> • Consideration should be given to the latest government advice regarding the specific activity being undertaken and venue visited • Students should be encouraged to attend settings close to where they live or go to school, ideally within walking or cycling distance • Where they attend venues further afield they should follow latest guidance 	MED		✓

			https://www.gov.uk/guidance/coronavirus-covid-19-safer-travel-guidance-for-passengers <ul style="list-style-type: none"> • Wraparound student care providers can offer provision to all student, without restriction on the reasons for which they may attend. • Wraparound student care and other organised activities for Students may take place in groups of any number. • You should ensure that key contractors are aware of your setting's control measures and ways of working. • Ensure you have enough staff available to meet the required ratio 			
Out of school settings Parents attendance	Students Parents Staff Others	Infection Control	<ul style="list-style-type: none"> • Parents are no longer limited to specific number attendance. • Ensure up to date contact information is available in the event of an emergency. • Keep a record of where and when your student attends a setting to help NHS Test and Trace identify contacts. Out of school settings will not be expected to undertake contact tracing. • Individuals are not required to self-isolate if they are a close contact of someone with COVID-19 if they are fully vaccinated, below the age of 18 years and 6 months, taking part in an approved COVID-19 vaccine trial or are unable to get vaccinated for medical reasons. Instead they will be advised to take a PCR test. They will not need to wear a face covering within the setting. • Check with the provider that they are following the relevant guidance to reduce the risk of infection. 	MED		✓

			<ul style="list-style-type: none"> If the number of positive cases substantially increases, please refer to the Outbreak Management Plan. 			
Measures for Places of Worship	Students Parents Staff Others	Infection Control	<ul style="list-style-type: none"> All places of worship should follow and keep up to date with the latest guidance. COVID-19: guidance for the safe use of places of worship - GOV.UK (www.gov.uk) 	MED		✓
Measures for Community centres, village halls, and other multi-use community facilities	Students Parents Staff Others	Infection Control	<ul style="list-style-type: none"> All Community centres, village halls, and other multi-use community facilities should follow and keep up to date with the latest guidance. COVID-19: Guidance for the safe use of multi-purpose community facilities - GOV.UK (www.gov.uk) 	MED		✓
Measures for grassroots sport participants, providers and facility operators	Students Parents Staff Others	Infection Control	<ul style="list-style-type: none"> All grassroots sport participants, providers and facility operators should follow and keep up to date with the latest guidance. Guidance on coronavirus (COVID-19) measures for grassroots sport participants, providers and facility operators - GOV.UK (www.gov.uk) 	MED		✓
