

# Careers EDUCATION

Spring 2026

## USEFUL LINKS

[WWW.AMAZINGAPPRENTICESHIPS.COM](http://WWW.AMAZINGAPPRENTICESHIPS.COM)

Specific parent zone to help parents learn more about modern apprenticeships

[WWW.UNIFROG.ORG](http://WWW.UNIFROG.ORG)

All students have a log into to this platform - we recommend for year 9 + for support in career exploration

## BITESIZE

[WWW.BBC.CO.UK/BITESIZE/CAREERS](http://WWW.BBC.CO.UK/BITESIZE/CAREERS)

Superb podcasts for our year 7 & 8 students

## SKILLS EXPO

A group of year 9's visited the Skills Expo event at Worcester's Sixways stadium. Students were able to meet employers, training providers, colleges and universities to allow them to explore careers in engineering, health, armed forces, sport, finance and many more.

*'I found the skills expo useful because I had never thought about becoming an engineer but I found this really interesting.'* (Oliver)

*"I enjoyed the freedom to talk with employers one to one about their jobs and experiences"*  
(Scarlett)

*'I thoroughly enjoyed the interactive experience which was a helpful way to take in such useful information'* (Emmie)

## BUSINESS BREAKFAST

We welcomed over 14 different employers to talk to year 8 as part of a business breakfast event. Students listened to employees from agriculture, travel & tourism, a Doctor, the Police & the University of Birmingham to name a few...

We were so impressed by year 8 and how they demonstrated the value of **Curious and Active** to find out more about different careers.

## NATIONAL CAREERS WEEK

For National Careers week students in years 8-10 listened to an assembly linked to this year's theme of 'Own your future'. Encouraging students to make the most of opportunities in work experience, volunteering, charity work and their hobbies to support them in developing all important employability skills.

## YEAR 10 WEX

Most year 10 students have now secured a work experience placement for the summer term. We encourage those students who have not yet secured a placement to keep reaching out to employers. Mrs Copitch; our careers advisor runs a drop-in during Wednesday lunchtimes in A Block for any students who need any support.

## STEM ROADSHOW

In February our year 7s experienced the STEM roadshow which promoted all the exciting careers linking to Science, Technology and Maths. This was a wonderful interactive experience for students and challenged stereotypes around specific STEM careers.
